PROJECTS

Portfolio Website | HTML, CSS, JavaScript, Tailwind CSS **2024**
- Designed and developed a personal portfolio website to showcase projects, certifications, and skills
- Implemented modern, responsive UI/UX using Tailwind CSS with features like smooth scrolling and a project carousel.
- Deployed the website using GitHub Pages, ensuring cross-device compatibility and accessibility

RBS Furnitures Website | HTML, CSS,JavaScript, Bootstrap **2025**
- Developed a responsive business website for a local furniture brand to showcase product listings and manage customer inquiries.
- Implemented modern UI/UX features including an image carousel, gallery filtering, and an interactive contact form using FormSubmit.
- Integrated Google Maps, WhatsApp chat, and social media links to increase customer engagement and accessibility.
- Ensured mobile-first design and cross-browser compatibility for a seamless user experience across devices.

Resume Chatbot | HTML, CSS, JavaScript **2025**
- Built an interactive chatbot that simulates conversations based on resume content to improve user engagement and accessibility.
- Designed a clean and responsive user interface using DOM manipulation, custom styling, and real-time message rendering.
- Implemented dynamic response simulation logic for a conversational experience across devices.
- Managed version control using GitHub and deployed the project via GitHub Pages for public access.
